NEW Section for Highlighted Census Programs

Highlighted Census Programs

These Census Bureau experimental data products are innovative statistical products created using new data sources or methodologies that benefit data users in the absence of other relevant products.

**Household Pulse Survey**

This is a 20-minute online survey studying how the COVID-19 pandemic is impacting households across the country from a social and economic perspective. The survey asks about how jobs, finances, access to food, health, housing, and schooling of you and those you live with have been affected by the ongoing crisis.

[Read More](#)

**Small Business Pulse Survey**

This experimental survey measures the changes in business conditions on our nation's small businesses during the coronavirus (COVID-19) pandemic. Business Pulse complements existing U.S. Census Bureau data collections by providing high-frequency, detailed information on small business-specific initiatives such as the Paycheck Protection Program.

[Read More](#)

**Community Resilience Estimates (CRE)**

The capacity of individuals and households within a community to absorb, endure, and recover from the health, social, and economic impacts of a disaster.

Small Business Pulse  
Survey

The figure consists of two parts. On the left is a map of the United States with states shaded in different shades of blue. On the right is a bar chart with the y-axis labeled 'Percentage of Small Businesses' ranging from 0 to 100. The x-axis is labeled 'Week Ending' and shows dates from 3/15 to 10/1. A red horizontal line is drawn at the 50% mark. The bars show a general upward trend, starting around 20% in mid-March and reaching nearly 100% by late October.

### Small Business Pulse Survey

This experimental survey measures the changes in business conditions on our nation's small businesses during the coronavirus (COVID-19) pandemic. Business Pulse complements existing U.S. Census Bureau data collections by providing high-frequency, detailed information on small business-specific initiatives such as the Paycheck Protection Program.
